

International Conference on Advance Artificial Intelligence

26th - 27th March 2024 | Makati, Philippines

About Us

The general perception is that accelerated career, academic, and professional growth are nothing but myths. AFTER is an organization that was founded to dispel these misconceptions by serving as the poster organization for professionals across all fields, all strata, and all countries, to achieve this much elusive development in their career, academic and professional lives.

How does AFTER accomplish this? Through its series of strategically designed activities and services, including but not limited to international conference organizing, conference proceedings publishing, journal publication, and academic event and resource leadership. By doing so, AFTER not only serves its broader agenda of bridging the divide between access to critical resources, funding, awareness, knowledge and resources, and the people (students, academics, industry professionals, entrepreneurs, and business leaders) who need them, it also aids in policymaking on a global scale that helps put in place mechanisms that cement the future of research progress and development.

26th - 27th Mar 2024

Welcome to (ICAAI-24)

International Conference on Advance Artificial Intelligence (ICAAI-24) will be held in Makati, Philippines on 26th - 27th March 2024 It is the hope of the (ICAAI-24) Conference that you will join us, either in person or online, to take complete advantage of all that this event has to offer. This entire conference has been organized with the sole intention of allowing participants access to the latest research insights, and opportunities to disseminate research, network with fellow professionals, and take advantage of opportunities to accelerate their careers.

Atlantic Federation for Technical Education & Research (AFTER) is proud to host this event, which serves as a leading international stage for showcasing the latest advancements and innovations in the field. Our aim is to provide a dynamic platform where industry professionals and academics can come together to exchange ideas and discuss the latest developments.

The focal point of this conference is to provide attendees with a chance to share their knowledge and insights with a worldwide audience. Our comprehensive program will include industry-driven presentations, expert panels, and keynote speeches from global thought leaders.

As a highly anticipated event, drawing the attention of the global academic community, this conference will be built on the bedrock of outstanding research contributions by highly talented professionals from the global research community, public sector, and industry.

During the conference, attendees, presenters, keynote speakers, and volunteers will have access to top-notch facilities, resources, and opportunities, allowing them to achieve their professional goals. Furthermore, the event will serve as an excellent networking opportunity, providing delegates with the chance to form business and research relationships, engage in high-level discussions, and foster future international collaborations. These experiences will significantly enrich your professional growth and development.
